

BNV COLLEGE OF TEACHER EDUCATION
INAUGURATION OF RESEARCH AND EXTENSION WING
&
STAP
(STUDENT TEACHERS' AUTONOMISATION PROGRAMME)

BNV College of Teacher Education conducted the inaugural function of Research and Extension wing and Student Teachers' Autonomisation Programme (STAP) on June 13, 2023. The event was honoured by the presence of Dr. N. I. Sudheesh Kumar, HSST, BNV HSS for Boys, who served as the chief guest for the occasion.

The ceremony commenced with a heartfelt prayer led by Aiswarya P Anil, a student from Physical Science optional, setting a reflective tone for the proceedings. The program was skillfully anchored by Theertha M, from Physical Science optional group, who guided the audience through the various segments of the event.

Dr. Valsala G, Principal of BNVCTE, delivered a warm welcome speech, emphasizing the importance of the new initiatives in enhancing educational practices. Following this, Dr. N. I. Sudheesh Kumar officially inaugurated both the Research and Extension wing and the STAP, delivering an inaugural address that underscored the significance of research and teacher autonomy in fostering a progressive educational environment.

The establishment of the Research and Extension wing underscores the institution's dedication to fostering knowledge and its practical applications, particularly in fields such as agriculture.

The inauguration ceremony featured insightful speeches from various dignitaries, who articulated the wing's objectives and its anticipated impact on the community. This initiative aims to effectively connect research outcomes with real-world applications, thereby benefiting stakeholders, including farmers and other relevant groups. Concurrently, the STAP initiative is a robust program aimed at empowering student teachers by promoting active engagement and participation. Through a diverse array of activities and educational programs, students at BNV College of Teacher Education are encouraged to enhance their skills and deepen their understanding of educational practices, ultimately preparing them for impactful careers in teaching.
