

## Report of **Pi day** celebration

---

The Mathematics Association "Ganitha" organized an engaging Pi Day Celebration on March 14, 2025, at the ET Lab from 2:40 PM to 3:40 PM. The event aimed to highlight the significance of the mathematical constant  $\pi$  (pi) and its applications in various fields of mathematics and science.

The event commenced with an informative presentation on the importance of Pi, covering its historical significance, mathematical properties, and real-world applications. The session helped students understand how Pi is essential in geometry, engineering, and technology.

Following the presentation, three engaging competitions were conducted:

Intra-Collegiate Drawing Using Polygons Competition - Participants creatively used polygons to create unique designs, integrating mathematical concepts with artistic expression.

Quiz (Riddles) Competition - A fun and challenging quiz featured mathematical riddles and puzzles, testing students' problem-solving skills and logical thinking.

Word Formation Activity - Students participated in an engaging challenge to form meaningful words using the letters in "Pi," enhancing their vocabulary and creativity.
