

# SCI-FARI FEST

We the Physical Science optional of BNV COLLEGE OF TEACHER EDUCATION, Thiruvallom conducted our Association "**SCIENTIA 2022**" inauguration on 28<sup>th</sup> February 2022 in accordance with the celebration of *NATIONAL SCIENCE DAY*.

Raishma J was the anchor of the programme. We started the programme with almighty God's blessings. Prayer sung by Ananya S Kumar. After that we memorized Sri. Achuthan Nair Sir who was the founder of our college for one minute. The welcome speech was delivered by Neethu Gopal.S who was the President of SCIENTIA. In the Welcome speech she gave an introduction on the importance on observing science day and the theme of National Science Day 2022 "**The Integrated Approach in Science and Technology For a Sustainable Future**".

'**SCIENTIA 2022**' Association was inaugurated by respected manager **Sri. A. Suresh Sr** by lighting the lamp. Our beloved principal **Dr. Valsala Mam** gave a keynote speech. Our Vice Principal **Dr. Meera mam** gave a speech about the association and its activities. Anushma D.S and Sona S.K presented a powerpoint presentation about the importance of science in day to day life and the importance of Sustainable development for better future. A Documentary was presented in connection with **NATIONAL SCIENCE DAY** its importance in observing, the life sketch and contributions of Sir. C.V Raman in the field of physics. The laptop functioning was managed by Jyothish and Karthik Raja. The next section was a QUIZ competition '**SCIFARI QUIZ**'. Arya K.J and Neethu Gopal.S were the Quiz masters. Arya B.H was the scorer. After that we conducted an '**IMAGE CONNECTING GAME**' which was conducted by Neethu Gopal.S based on basic science. After that a game section it was '**TRICKS AND BETS**' which was conducted by Anushma D.S. Then our Optional teacher Suni Kumari mam told about the organizing the programme and maam commented on our programme. Sruthy delivered the Vote of thanks.

After that we welcomed all our friends to see our Science FEST named *SCIFARI 2022*. There were lot of **simple experiments, working models, still models** etc. We also had arranged a **feedback board** for writing the opinions about our programmes.
