

## Programme Report: International Moon Day Celebration

Date: 25th July 2025

Time: 2:40 PM

Venue: E T lab

As part of our celebrations for International Moon Day, physical science association conducted an intracollegiate quiz competition titled LUNA-2K25 — a voyage through the wonders of the Moon, space exploration, and scientific discovery. This program is conducted under the esteemed guidance of our program convenor, Dr. Sunikumari P. M.

Enthusiastic participation was witnessed from students representing different associations. Their active involvement and vibrant energy truly brought this program to life, making it not just a competition, but a celebration of science and unity.

### **Entries:-**

Team A (Commerce) - Jayalekshmi V.S & Reshma S

Team B (Social science) – Mahida Nasrin A.N & Shahanamol D

Team C (Maths)- Vineetha S & Haritha B Nambiar

#### Conclusion :-

The Quiz competition conducted by Scientia associated with the International Moon Day celebration was a grand success, thanks to the meticulous efforts of all the individuals involved. The event not only provided a platform for students to display their Intelligence but also an opportunity to explore the significant contributions of Chandrayan Missions.

The association sincerely thanks to all the participants and appreciating their courage. The success of the event serves as an inspiration to continue organizing such engaging and educational activities in the future. Scientia remains committed to fostering scientific curiosity and exploration among students and looks forward to more enriching events ahead.
