

INTERNATIONAL ENERGY FESTIVAL OF KERALA 2025

The International Energy Festival of Kerala (IEFK) 2025 took place from February 7 to 9, 2025, at the Kerala Police Ground in Thycaud, Thiruvananthapuram. This event was organized by the Energy Management Centre (EMC) under the Department of Power, Government of Kerala, with the objective of promoting sustainable energy solutions and advancing the goal of a Carbon-Neutral Kerala. 2024-2026 batch of B.Ed students from BNV College of Teacher Education participated in the festival, with 36 students arriving at the venue on Saturday, February 8, 2025, at 10 a.m., accompanied by Mrs. Aswathy A S, Assistant Professor BNVCTE. The program commenced at 10 a.m. with an inaugural address delivered by Dr. P. V. Unnikrishnan, member secretary of K-DISC. Throughout the day, various exhibitions showcased renewable energy sources, electric vehicles, and energy-efficient products, providing a hands-on and informative experience. IEFK 2025 successfully gathered over a thousand delegates from both national and

international backgrounds, facilitating discussions and collaborations aimed at fostering a sustainable and energy-efficient future for Kerala.
