

## **CAPACITY BUILDING LEADERSHIP SKILL WORKSHOP**

The Capacity Building Workshop on Leadership Skills was conducted as part of the curriculum for the 1<sup>st</sup> year B.Ed. students of 2024-46 batch of BNV College of Teacher Education, aimed at enhancing participants' leadership abilities and equipping them with practical tools for effective leadership. The workshop, held on 10/01/2025, was conducted by Mrs. Rajeeva, a former student of the College focused on developing key leadership concepts such as communication, decision-making, emotional intelligence, and team management. Through interactive sessions and group activities, participants gained valuable insights into different leadership styles and strategies for navigating challenges in dynamic environments. The workshop also provided a platform for networking and sharing experiences, fostering a collaborative learning environment. By the end of the session, participants had a deeper understanding of

their leadership potential and were equipped with actionable strategies to lead with confidence and impact. This report highlights the key takeaways, feedback, and recommendations from the workshop, serving as a reflection of its success in building leadership capacity among attendees.

### **Leadership skills**

The sessions focused on developing both personal and interpersonal attributes that define successful leaders. The Capacity Building Workshop on Leadership Skills successfully provided participants with practical insights into the key traits and skills required for successful leadership. Through interactive exercises and a lively session, participants gained valuable knowledge on how to apply these leadership skills in their personal and professional lives. The workshop emphasized the importance of trust, empathy, communication, and critical

thinking, all of which are essential for effective leadership. Participants left with a deeper understanding of leadership principles

and the tools necessary to become better leaders, equipped to inspire, motivate, and lead their teams to success.
