

## Value-Based Education: Indian Knowledge System

BNV College of Teacher Education hosted a thought-provoking lecture on “Value-Based Education: Indian Knowledge System” on February 17, 2025. The event featured Dr. A. Prasanna, a distinguished resource person from the Sri Sathya Sai Organization. Aswathy. A. S, Faculty, BNVCTE, warmly introduced Dr. A. Prasanna, highlighting his expertise and contributions to value-based education.

Dr. A. Prasanna delivered an engaging lecture, emphasizing the significance of value-based education in the Indian context. He explored the Indian knowledge system, its relevance in modern times, and its potential to foster holistic development in students.

College Principal Dr. Lakshmi. S and faculty members actively participated in the program. Bindhya, a B.Ed. student, expressed gratitude to Dr. A. Prasanna and the organizers, delivering a heartfelt vote of thanks.

The lecture was well-received by the audience, inspiring reflection on the importance of value-based education in shaping future generations. The event concluded with a sense of appreciation and renewed commitment to promoting value-based education.
